Online Image/Photo Editors

Splashup.com

Splashup.com – Splashup offers a full featured online editor, but you can also download Splashup Light for mobile computing and simple editing on the go.

Webresizer.com

Webresizer.com – Offers you extremely simple tools to resize an image, crop it, optimize it and make the image more usable online.

Sumo Paint

If you're expecting online image editors to be anemic, you'll be surprised by the extensive features of many of the nominees like Sumo Paint. Sporting a toolbar, image navigator, swatches, and layers, Sumo Paint does more than just crop and rotate images. In addition to having layers, as some other editors do, Sumo Paint has support for blending modes and other advanced layering magic like drop shadow and outer glow. The brushes and ink tools offer a wide variety of shapes and textures. If you like some of the paint-centric features of Sumo Paint, you'll definitely want to check out the Gravity tool, which creates some pretty interesting abstract paint effects. Sumo Paint also supports drag and drop image opening for pictures you have stored in your Sumo Paint account. Sumo Paint doesn't require a login for use, but if you sign up for a free account you can store images online and participate in the Sumo Paint community by submitting your work and ranking the work of others.

Aviary Phoenix

<http://aviary.com/tools/phoenix>

Aviary Phoenix is an image editor that is part of the Aviary Suite of online editing tools, which on top of image editing, boasts a vector and filter editor, among other tools. Aviary Phoenix has an advanced interface and plenty of options to help you edit your images, like layers, blending and magic wand selection. You can use Aviary without signing up for an account, but having an account could give you a little more benefit like saving your creations, collaborating with other users and participate in the Aviary community.
